

# The New

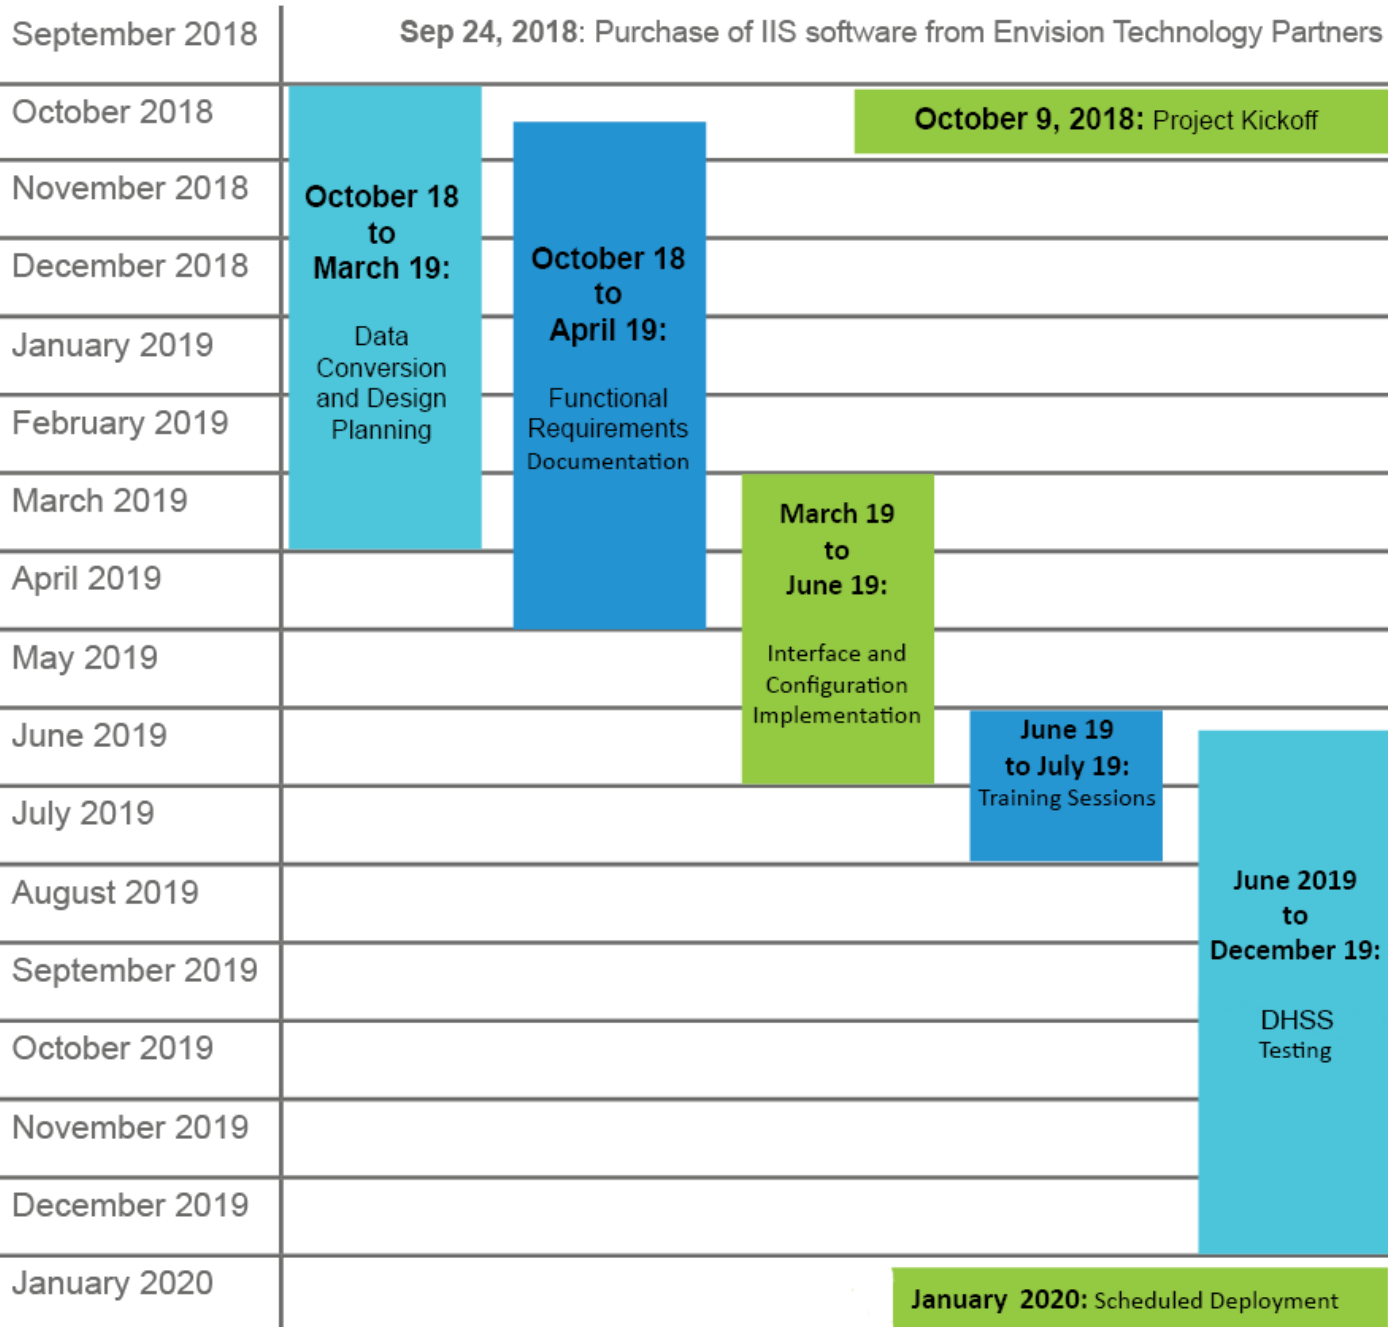

## Coming January 2020!

# Why Replace ShowMeVax?

The current ShowMeVax system does not:

- Meet national IIS functional requirements
- Stay up to date with changing vaccine schedules
- Support bidirectional interfaces with EHR systems
- Function in any web browser other than Internet Explorer

# Project Timeline

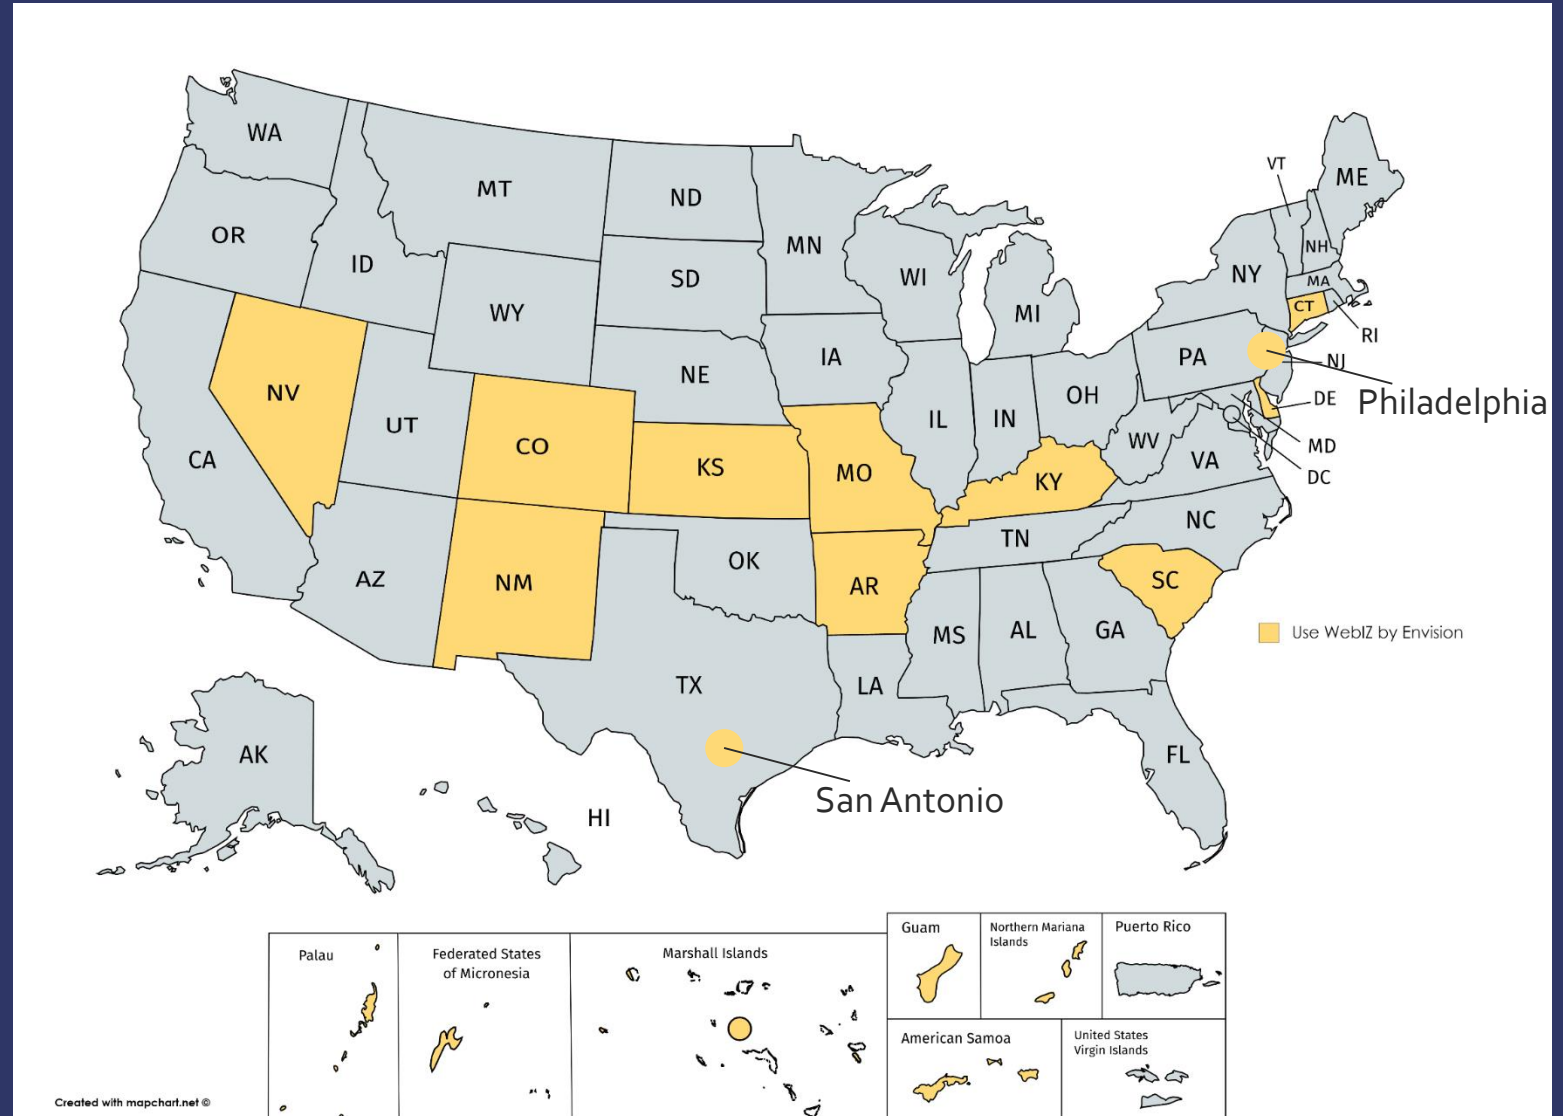

The User Acceptance Testing phase begins this summer

If you would like to be a tester, please contact [ShowMeVaxSupport@health.mo.gov](mailto:ShowMeVaxSupport@health.mo.gov)

# Official Records

Patient immunization records have been redesigned to show:

- Invalid vaccines
- Allergies and reactions
- When the next doses are due for series
- The last three flu shots on record

Records are printable from the patient screen and will show the date and provider that printed the record

# Reporting

- ACIP Child, Adolescent, and Adult Immunization Schedules
- Vaccine Information Statements (VIS)
- Inactivated Patients
- Patient Reminder/Recall
- Patient Roster
- Doses Administered
- Immunization Rates (County/Zip Code Level)
- Vaccine Borrowing Report
- Unaccounted for Doses
- Vaccine Shipment and Order Status
- Vaccine Return Inquiry and Status
- Inventory On-Hand
- Inventory Summary By Funding Source
- Inventory Transaction Inquiry
- Inventory Transfer Inquiry
